## To all Math Club parent volunteers

Math Club at Beaver Lake Middle School is an active ASB-run after school activity club. Our club has competed in various local and state math competitions and won many titles in the past years. As the staff coach for math club, I am excited to welcome the current 5<sup>th</sup> graders who have a passion for math problem solving to join our club in 2016-17 school year.

Although Math Club at BLMS is a teacher-led student club (rather than a PTSA-owned program), we still rely heavily on parents' support for managing the competition side of club business such as event registration, team formation and out of school practices. I understand that many of you have extensive experiences and passion for competitive events such as Math Counts, Blaine, Math Olympiads etc.

Please [contact me](#) if you are interested in becoming one of the competition parent coordinators for BLMS math club next year. By volunteering with our club, you can have a front row view of the upcoming events and student readiness. With your early engagement, we will be able to start planning next year's competitions when school opens in the fall.

Thanks!

Lynn Wooldridge, BLMS Math Teacher and Math Club Coach
